

## AIA/CES Registered Provider Program Summary

Provider Name: BASF Corporation

Program Title: Closed Cell Spray Polyurethane Foam Basics

Length: 1 hour      Credits: 1 LU hour (Learning Units)      HSW: Yes      SD: Yes

**Program Overview:** This course will cover the process of producing closed cell spray polyurethane foam (ccSPF) for construction applications, including uses in the commercial air barrier market and several other commercial uses of closed cell spray foam.

**Learning Objectives:** After completion of this course, participants will be able to:

- Describe the process in producing closed-cell polyurethane foam
- Discuss some basic questions regarding the application of closed-cell polyurethane foam which include personnel and site safety
- Describe its use in commercial market as an air barrier including code compliance
- Review other commercial applications of closed cell polyurethane foam

**Facilitator Qualifications:** The Point of Contacts (POC) are Bob Moran and Kelly Frauenkron. BASF Corporation is an experienced CES facilitator intimately familiar with the program development. We are active in the Building Enclosure Council (BEC), the ABAA (Air Barrier Association of America), the National Roofing Contractors Association (NRCA) and the Spray Polyurethane Foam Alliance (SPFA), and are on their technical committees related to the topics presented. Many facilitators are also LEED Accredited Professionals. The POCs have selected and trained the group of BASF Corporation CES facilitators to fully understand the AIA/CES Program Guidelines to execute program presentations as a Passport Provider.

**Method of Delivery:** The CES facilitator utilizes PowerPoint presentation to provide an in-depth overview of the program topic areas.

**Audio/Visual required:** Electrical power and screen for the PowerPoint presentation. The CES facilitator will supply the laptop and projector.

**Cost to participants:** There is no cost to bring this program into your firm or chapter meeting.

**Points of Contact:** Robert G Moran Jr.  
Manager of National Sales – Building Envelope  
BASF Corporation  
Phone/Fax: (413) 525-5859
